## Gwinnett County Public Schools Community-Based Mentoring Program

Studies show that successful mentoring programs help at-risk students develop social skills, improve their school achievement and graduation rates, and help them develop self-esteem.

GCPS has proactively developed a Community-Based Mentoring Program to connect caring adults in the community with identified students to help with their social and academic development.

While school counselors, teachers, and family members all play a role in keeping students in school and learning, the involvement of a community mentor can make a meaningful contribution to a student's success.

*All proceeds from this tournament support our youth by offering them opportunities for:*

- College visits
- Educational field trips
- Student leadership workshops
- Financial literacy education
- One-on-one and small-group mentoring
- STEAM activities
- Student internships

For more information about this program, please call 770-682-8086, or email [Quantrishia.Haynes@gcpsk12.org](mailto:Quantrishia.Haynes@gcpsk12.org).
